N. KARTHIK

INTEGRATED M.TECH STUDENT

SOFTWARE DEVELOPER | AI ENTHUSIAST | CLOUD LEARNER

Passionate about software development, artificial intelligence, cloud computing, and building modern web applications. I love solving real-world problems using technology and continuously improving my technical and problem-solving skills.

EDUCATION

Integrated M.Tech

2023 – 2028

VIT

Currently pursuing an Integrated M.Tech with interests in software engineering, artificial intelligence, cloud computing, and full stack development.

Higher Secondary Education (12th)

2021 – 2023

NRI Junior College, Vijayawada

Completed higher secondary education with a focus on Mathematics, Physics, and Computer Science.

Secondary Education (10th)

2020 – 2021

Sri Chaitanya School

Completed secondary education with excellent academic performance.

PROJECTS

1

AI Chatbot

Python, NLP, Flask

Developed an AI-powered chatbot using natural language processing (NLP) to understand and respond to user queries in real-time.

2

Portfolio Website

HTML, CSS, JavaScript, React

Designed and developed a personal portfolio website to showcase projects, skills, and achievements.

3

College Event Management System

React, Firebase, Tailwind CSS

Built a web application to manage college events, registrations, and participant details efficiently.

4

Weather App

JavaScript, API, CSS

Created a real-time weather application that fetches live weather data and displays it with a clean UI.

ACHIEVEMENTS

- ✓ Solved 300+ problems on LeetCode and GeeksforGeeks.
- ✓ Participated in multiple hackathons and coding contests.
- ✓ Certificate in Cloud Computing (AWS) – Udemy.
- ✓ Certificate in Java Programming – HackerRank.
